## 2011 ANNUAL POTENTIAL SURPLUS REAL PROPERTY INVENTORY - ALL DISTRICTS

The inventory of potential surplus property has been updated as of July 2011, as set forth in California Government Code sections 50569 and 54230.

The inventory includes General Fund properties, but not those under the jurisdiction of the Department of Public Works. In the upcoming years, it is anticipated that several of these holdings will be sold as the County implements procedures to take advantage of the streamlined sales process available as a result of amendments to County Code, allowing the sale at auction of any County real estate that has a value of less than \$500,000. Such sales would be subject to final Board approval, but will allow for the efficient disposal of the County's surplus real estate through the auction process.

In the meantime, this office is continuing its efforts to dispose of approximately 182 acres of surplus real property in the Topanga Canyon and Malibu areas. These efforts have resulted in the Mountains Recreation and Conservation Authority purchasing 127 acres in the Topanga Canyon and Malibu areas to be kept as open space. The sale of the remaining 55 acres began in March 2005, with sales continuing on an annual basis. Such sales will continue until all of this property is sold in accordance with the County's stated objective to sell the remaining parcels to the adjoining property owners.

If you have any questions or need additional information, please let me know, or your staff may contact Christopher Montana at (213) 974-4200.
